

Bee City Meeting Minutes

Sunday June 27, 2021

Members present: Bill Link, Mary & Randy Tinder, Mary Beasley, Marsha Meredith, Bobbi Bates, Cindy Maguire, Andrea Duncan, and a few guests.

Field trip to Butterfly Farm: We convened at Lisa & Eric Ogden's farm, where they took us on a short walking tour of their nearby pollinator gardens and beehives. They provided us with a list of their plants and which pollinators they attract. Included was a chart to help with butterfly identification. Discussion followed.

Demuzio Memorial Garden at City Hall: Plans have been drawn up by Rodney Eichen, and a copy was given to those present. Bill Link wants to create a list of to-do items. Please email your ideas and how to accomplish them to him.

Train Station Sculpture: Bridget Dunn has chosen this as her project to help her attain the Girl Scout Gold status. Holly Bloomer is working on drawings, CISCO will donate the steel, and Danny Maguire will assemble. Hopefully, it will be installed before the end of September of this year.

Next Meeting: Wednesday July 28, 2021

Time & Place TBA

Presentation by Lexi Hoffman on the Blackburn Bat Initiative
